MCH Design

MCH Design is creating inexpensive MCM spirit bands and key-chains to show school pride. As we went around town we saw a problem with expensive school merchandise. In our community there are many larger families that are limited financially. MCH Design is solving the problem of families not being able to afford school spirit wear.

We take any ideas that you have or would like to have around your house and make it come true.

If someone is interested in adopting one of our animals, they have the opportunity to learn about the animal's personality by spending time with them out of their pens.
