[Accessing Entries – Final Round Judging Tab](#)

The final judging dashboard includes the list of entries to be judged as well as a link to the judging rubric and instructions. The presentation order for the entries to be judged will be available the day of the competition. A paper scoresheet will be provided for each entry on which you can make notes and assess the students' performance in each area on the rubric. You can refer to this hard copy later to enter your final rank and comments into the online judging system.

[Using the Online Judging System](#)

There will be time between presentations for the judges to enter comments and rankings. The dashboard will list each finalist with a status of 'New' and no rankings as shown below.

[Finalize Scorecard](#)

To access the scoresheet, click “judge” next to the entry to be judged. Verify you are judging the correct entry by making sure the proper name of the business appears at the top of the page. You will then enter your rank (1-8 with 1 being the highest) and your comments. Once entered, click the Save button to return to the dashboard. Once saved, you can return to a scorecard to add comments as needed. Continue until all entries are ranked.

As the entries are judged, they will be ordered on the dashboard by rank. Once ALL entries are ranked and comments entered, judges will be able to see how their entries rank overall. Judges can revise their rankings if needed by using the ‘handle’ in front of the Entry # to drop and drag the entry to the desired rank order. The assigned rankings will adjust accordingly. This feature should only be used AFTER all ranks and comments are entered manually.

Finalize Scorecard

Once all judges have confirmed their scores, BIG Idea administrators will review the final rankings to determine if there are any ties. If so, judges will have an opportunity to address the tie or confirm the tie. Once this review is done, each judge will click the **Finalize Scorecard** button at the bottom of the dashboard to complete the scoring process.

(You will not be able to edit the scores again once you click “Finalize”.)
